2nd SEMESTER BEVERAGE PROGRAM

Dear Parents,

The 2nd semester beverage program will begin on January 4, 2018. The cost for milk (8oz. container) is $27.00, which is for the remainder of the school year. The cost for juice is $37.50, which is also for the remainder of the school year. Milk, as well as juice, is not funded by the state. The juice (5.5oz - 6.7 oz container) is 100% juice.

If you purchase milk, your child may choose daily either white milk or chocolate milk. This will be the same for ordering juice; your child may choose daily either apple, grape or fruit juice.

If you would like to use the beverage program, please list your children separately on the order form below. Orders must be in the office by Wednesday, December 20. Enclose the order form with payment in an envelope marked "Beverage Program." Make checks payable to AOL.

Please note: Pre-K students may choose ONLY milk.
